I am pursuing a new career as a software developer after years of exploring different career paths with a background in business. My objective is to learn how to best develop and maintain web applications that allow users to effectively present their businesses in a competitive market.

Technical Skills

Languages	HTML5, CSS3, Bootstrap, JavaScript, jQuery, MySQL, PHP, Angular JS
Operating Systems	Windows: 7, 8, 8.1, 10
Software	Google Chrome, Mozilla Firefox, Internet Explorer, Dropbox, GitHub, Basic Microsoft Office
Other Skills	Basic Command line, Basic Java, Basic Python

Education

Central NM Community College (CNM), STEMulus Center, Albuquerque, NM

Deep Dive Coding Bootcamp

Expected Mar. 2018

Certificate of Completion – Web Developer

- Currently enrolled in a 10-week Full Stack Development. This program consists of learning HTML5, CSS3, PHP, JavaScript, Angular JS, MySQL, jQuery, and Bootstrap in a hands-on approach that focuses on mobile-first development.

University of New Mexico (UNM), Albuquerque, NM

Jan. 2016 - Present

BBA in General Management, Anderson School of Management

- Currently a 3.5 GPA in General Business. I am learning a little bit of all practices from the foundations of accounting to the intricacies of entrepreneurship.

Experience

Parts Plus of New Mexico

Jan. 2013 – 2017

Warehouse and Driver Representative

- Managed \$10,000 of Inventory
- Helped define and implement new procedures to reduce company costs
- Met bi-monthly with owners to discuss operational inefficiencies and create solutions
- Train new dispatchers, drivers, and warehouse workers

Four Hills Country Club

May 2009 - 2011

Life Guard

- Maintained facility under Head Guard
- Supervised and coordinated parties hosted by the club at the pool
